JOAQUIN MURRIETA

The Robin Hood of El Dorado

In the winter of 1849, a sensational series of events unfolded in the midst of the California gold rush, giving rise to the tale of a gentleman outlaw bent on vengeance who robbed from the rich and gave to the poor. No man, horse, or pouch of gold was safe, and the legend of Joaquín Murrieta, hero and villain was born.

An encounter with a callous band of thieves left Murrieta whipped and beaten, his hard-earned gold stolen. Stalking the hills of the world-famous California wine country in search of his attackers, Murrieta lived life with an outlaw honour, defending the oppressed in a land of lawlessness. He was known as a square gambler and a fine dancer not averse to a glass of wine. Although no documented photos survive of this master of disguise, he was, by all accounts, a handsome man who stole as many hearts as horses.

Stories of Murrieta's ruthlessness and chivalry spread throughout the West. In 1853, a special corps of California Rangers, created specifically to catch the bandit, claimed to have killed him in a gun battle north of Los Angeles. Still, in the following years, many swore they shared a meal and a glass of port with the outlaw. Some say it was Murrieta's nephew who carried on after his death. Others maintain it was Joaquín Murrieta himself who rode with the Sundance Kid and traded stories with Mark Twain.

A century later, as the sun ripens the grapes that adorn the hills of gold he once raided, Murrieta, part man, part myth lives on. Today, at Murrieta's Bar & Grill we toast this enduring, elusive legend.
